

SWLLIFT

Flying Jib Crane

SWLLIFT Intelligent Equipment Co., Ltd as the world's leading designer and manufacturer of aerial work equipment, our products can be found around the world and we do our best to support and assist our customers.

Technical Parameters

Flying Jib Crane-4t

Maximum lifting moment (KN.M)	50	Rated working pressure (MPa)	20
Maximum weight (Kg)	2300	Rated flow (L/min)	40
Maximum working range (mm)	5500	Minimum working range (mm)	2180
Maximum lifting height (mm) (high ground height)	8900 (3m gantry)	Crane mass (kg)	510
	10400 (4.5m gantry)	Matching forklift	3t 、 5t 、 7t

working range

Load (Kg)	2300	1850	1200	600	400	320
Amplitude (m)	1.89	2.18	3.08	3.98	5.15	5.5

Flying Jib Crane-5t

Maximum lifting moment (KN.M)	60	Rated working pressure (MPa)	20
Maximum weight (Kg)	3000	Rated flow (L/min)	60
Maximum working range (mm)	7100	Minimum working range (mm)	2270
Maximum lifting height (mm) (high ground height)	10300 (3m gantry)	Crane mass (kg)	730
	11800 (4.5m gantry)	Matching forklift	5t 、 7t

Working Range

Load (Kg)	3000	2450	1530	1030	470	380	320
Amplitude (m)	1.89	2.27	3.27	4.32	5.42	6.8	7.1

Flying Jib Crane-6t

Maximum lifting moment (KN.M)	100	Rated working pressure (MPa)	20
Maximum weight (Kg)	4000	Rated flow (L/min)	60
Maximum working range (mm)	8200	Minimum working range (mm)	2420
Maximum lifting height (mm) (high ground height)	11800 (3m gantry)	Crane mass (kg)	1050
	13200 (4.5m gantry)	Matching forklift	5t 、 7t

Working Range

Load (Kg)	4000	2700	1809	1220	800	450	300
Amplitude (m)	2.4	3.14	4.2	5.24	6.34	7.8	8.2

Technical Parameters

Flying Jib Crane-7t

Maximum lifting moment (KN.M)	115	Rated working pressure (MPa)	20
Maximum weight (Kg)	4800	Rated flow (L/min)	60
Maximum working range (mm)	10100	Minimum working range (mm)	2560
Maximum lifting height (mm) (high ground height)	13800 (3m gantry)	Crane mass (kg)	1230
	15300 (4.5m gantry)	Matching forklift	5t 、 7t

Working Range

Load (Kg)	7000	4800	3000	2000	1560	1200	750	560	520	300
Amplitude (m)	1.2	2.4	3.4	4.44	5.5	6.6	7.8	9	9.3	10.1

Flying Jib Crane-8t

Maximum lifting moment (KN.M)	180	Rated working pressure (MPa)	20
Maximum weight (Kg)	7000	Rated flow (L/min)	80
Maximum working range (mm)	15200	Maximum lifting height (mm)	19000
		Crane mass (kg)	2000

Working Range

Load (Kg)	7000	6000	4380	2200	1500	1200	1000	780	580	400	350
Amplitude (m)	2.5	3	4.2	6.3	7.5	9.2	10.4	11.7	13.2	14.8	15.2
